The following actions were taken:

1. Salary Budget Items. The committee approved working up a special conference or symposium to feature this year’s special session—“World Population and Food Supply, 1980”. We would expect the final report to be published in the February 1980 issue of the "Journal of Soil Science and Soil Research". The Committee also recommended that the annual budget for the fiscal year 1964-65 include a minimum of $8,000 for additional support of ASA staff, including the position of editor-in-chief. The committee was also asked to consider the possibility of providing additional support for ASA publications.

2. Special Publications other than Monographs. The committee recommended that the following publications be considered for inclusion in the ASA publication program:
   - "Agronomy in the Americas" was discussed and indicated that it would be ready for publication in the next six months.
   - "World Population and Food Supply, 1980". The committee approved a budget item of $1650 for 7500 copies of this publication.
   - "Water Research" should be ready for publication in six months. The committee was asked to budget and finance the publication of this monograph.
   - "Agronomy in the Americas". The committee recommended that the publication be ready for publication in the next six months.
   - "World Population and Food Supply, 1980". The committee approved a budget item of $1650 for 7500 copies of this publication.

3. ASA Monographs.
   - (1) The general Monograph Committee was asked to study the possibility of publishing a monograph on "Water". The committee recommended that the publication be ready for publication in the next six months.
   - (2) It was agreed to leave the title of the publication, "Part I to the discretion of the Editorial Committee. The committee recommended that the publication be ready for publication in the next six months.
   - (3) "Agronomy in the Americas" was discussed and indicated that it would be ready for publication in the next six months.
   - (4) The committee recommended that "Agronomy in the Americas" be ready for publication in the next six months.
   - (5) The committee recommended that "Agronomy in the Americas" be ready for publication in the next six months.
   - (6) The committee recommended that "Agronomy in the Americas" be ready for publication in the next six months.
   - (7) The committee recommended that "Agronomy in the Americas" be ready for publication in the next six months.
   - (8) The committee recommended that "Agronomy in the Americas" be ready for publication in the next six months.
   - (9) The committee recommended that "Agronomy in the Americas" be ready for publication in the next six months.

4. Investments. The committee approved working up a special conference or symposium to feature this year’s special session—“World Population and Food Supply, 1980”. The committee also recommended that the annual budget for the fiscal year 1964-65 include a minimum of $8,000 for additional support of ASA staff, including the position of editor-in-chief. The committee was also asked to consider the possibility of providing additional support for ASA publications.

The following conclusions were accepted by the Executive Committee:

- (a) That the committee recommend that the annual business meeting of the ASA Executive Committee be held in Madison, Wisconsin, July 16-18, 1964.
- (b) That the committee recommend that the annual budget for the fiscal year 1964-65 include a minimum of $8,000 for additional support of ASA staff, including the position of editor-in-chief.
- (c) That the committee recommend that the annual budget for the fiscal year 1964-65 include a minimum of $8,000 for additional support of ASA publications.
