PETROGRAPHY OF VARIOUS SOILS DERIVED FROM VOLCANIC EJECTA.

WILLIAM H. FRY,

CHEMICAL INVESTIGATIONS, BUREAU OF SOILS, U. S. DEPARTMENT OF AGRICULTURE, WASHINGTON, D. C.

In a general study of American soils now in progress in this Bureau it was considered advisable to examine certain soils of special natures not only for the sake of the information to be gained concerning them per se, but also for the light that such examinations might throw upon soils in which these special characteristics are not so pronounced.
