ASA OFFICERS, BOARDS, AND COMMITTEES

3. ARCPACS Discussions

It is recommended that the ASA Executive Committee and/or the ASA Board of Directors meet with the ARCPACS Board of Directors to discuss goals and objectives. These discussions would improve understanding of the direction that ARCPACS is proposing and pursuing. ARCPACS is anxious that we present a united front

The ARCPACS Board of Directors wish to acknowledge the support that the CSSA, and SSSA Boards of Directors have provided. Because of this support, the Societies' certification program is expanding.
