Record CEUS with the CCA app

Do you have a smart phone? If so, we have a new app that quickly and easily gets the CEUs from the conference onto your CEU report! It is easy to use, and CEUs will be in your records within 24 hours of being reported.

You can download the app using the following links or QR codes:

**iPhone app:** [https://itunes.apple.com/app id541038641](https://itunes.apple.com/app id541038641)

Log in with your CCA log-in information (you will only need to do this once), and then when you are at any meeting that has pre-approved CCA CEUs, you can scan the QR code. Once the QR code is recognized, click “sign-in.” If you don’t see QR codes on the sign-in sheet at your next educational meeting, encourage the vendor to start submitting its CCA CEU applications in advance of the meeting so that the app can be used.
