Career Center

The deadline for Career Center listings is the first of the month preceding publication (e.g., 1 March for the April issue). Charges are based on the number of characters and whether or not the listing will appear online, in CSA News magazine, or both. For complete information about advertising opportunities, including rates and deadlines, and to submit a listing, visit www.careerplacement.org. Please email jobs@sciencesocieties.org or call 608-273-8080 if you have questions. Note: These are only a few of the job opportunities available. View all positions at www.careerplacement.org.

Doctorate/Equivalent Required

Maryland—University of Maryland, Assistant Clinical Professor, Nutrient Management Program Coordinator. The selected Assistant Clinical Professor/Nutrient Management Program Coordinator will oversee the Agricultural Nutrient Management Program (ANMP). This program is funded by Maryland Department of Agriculture and resides within the Department of Environmental Science and Technology. The goal of this program is to provide educational opportunities and technical support for certified nutrient management consultants in Maryland. **Required:** Ph.D. in soil science, agronomy with a focus on soil fertility, soil chemistry, nutrient management or closely related field; working knowledge of agriculture and water quality issues; demonstrated teaching (extension/outreach) abilities; flexible working hours required; must be available for occasional evening programs. **Preferred:** Experience with GIS and distance education pedagogy and technology such as CANVAS, Blackboard or Storyline. **Apply at:** http://www.ejobs.umd.edu, ref position 103193.

Students

2018 NAPB Borlaug Scholarship Recipients Named

The National Association of Plant Breeders (NAPB) (www.plantbreeding.org) created an exciting new travel scholarship and mentoring program called the NAPB Borlaug Scholarships.

The Borlaug “Green Revolution” legacy of breeding better plants, promoting global food security, and mentoring young emerging scientists is well known and respected worldwide. This award builds on that strong foundation. The inaugural class of 2018 consists of eight scholars from five states and six institutions:

**Congratulations to the 2018 NAPB Borlaug Scholars:**

**Undergraduate Students**
- Katelyn Fritz, Iowa State University
- Andrew Herr, Iowa State University
- Dorothy Kirsh, St. Mary’s University in Minnesota
- Tavin Schneider, Montana State University

**Graduate Students**
- Adam Bolton, University of Wisconsin
- Austin Dobbels, University of Minnesota
- Kevin Falk, Iowa State University
- Elizabeth Prenger, University of Georgia

This program assists and encourages both undergraduate and graduate students who are seeking careers in plant improvement and who are selected through a national search. Students receive assistance with travel expenses to attend the society’s annual meeting. These students are mentored by experienced leaders in the plant breeding profession in this program.

The 2018 NAPB annual meeting will be held from 7–10 Aug. 2018 at the University of Guelph in Guelph, ON, Canada (www.plant.uoguelph.ca/napb2018). The 2019 meeting will be held at the University of Georgia. Nominations for 2019 NAPB scholarships will re-open sometime in the fall, following the 2018 NAPB meetings.
