Listen. Learn. Lead.

Join Us for the 2018 ASA & CSSA Annual Meeting with the Canadian Society of Agronomy

Connect with an estimated 2,500+ attendees, with opportunities to network and collaborate abound. This year the ASA & CSSA Annual Meeting is held in conjunction with the Canadian Society of Agronomy. Many other groups will also be in attendance to represent their part of the solutions to our global agronomy, crop, environmental, and soil science issues.

Early bird registration ends Sept. 20! | Register at: acsmeetings.org
Hotels fill quickly; reserve today | acsmeetings.org
membership@sciencesocieties.org | (608) 273-8080

doi:10.2134/csa2018.63.0917
You’ll learn so much science in just three slides per talk.

Review the program and start building your schedule.
acsmeetings.org/program

Professor of Environment & Society & Deputy Vice-Chancellor, Univ. of Essex
The Sustainable Intensification of Agriculture: Progress and Principles for Redesign

Closing Keynote

David R. Montgomery
Author & Professor of Geomorphology, Dept. of Earth & Space Sciences, Univ. of Washington
Growing a Revolution: Bringing Our Soil Back to Life

ASA Plenary

E.T. & Vam York Distinguished ASA Lectureship
Meagan Schipanski
Assistant Professor of Agroecology, Department of Soil & Crop Sciences, Colorado State Univ.
Designing Agricultural Systems for Resilience Through Partnerships Among Plants & People

CSSA Plenary

Betty Klepper Endowed Lectureship
Wayne Hanna
Professor & Plant Breeder, Crop & Soil Sciences Department, Univ. of Georgia
Do My Efforts Have an Impact?

Martin & Ruth Massengale Lectureship

Rick Brandenburg
Professor, Department of Entomology & Plant Pathology, North Carolina State Univ.
Peanuts, Turf, and Public Understanding: A Systematic Approach to Crop Research and Outreach

Ron Phillips Plant Genetics Lectureship

Jim Holland
Research Geneticist, USDA-ARS & USDA Professor, Department of Crop & Soil Sciences, North Carolina State Univ.
Mining Infinitesimal Effect Alleles in Maize

Calvin Sperling Memorial Biodiversity Lectureship

Elizabeth Kellogg
Investigator, Donald Danforth Plant Science Center
Looking in Wild Places: Crop Relatives & Pasteur's Quadrant

Leo M. Walsh Soil Fertility Distinguished Lectureship

Achim Dobermann
Director, Rothamsted Research
Accelerating Innovation in Soil and Nutrient Management
