vey. In this way every change which is made in the classification and correlation will be followed through to the end so that the correct card catalogue may be continually maintained.

**Review by the Chief of the Bureau.**

All recommendations of the Committee on Classification and Correlation shall be embodied in the form of a memorandum to be submitted to the Chief of the Bureau for his final review and decision. In case the findings of the Committee are not unanimous, separate reports may be submitted for the consideration of the Chief of the Bureau.

The establishment of this Committee is to take effect at once.

**Butler County “Last Acre” Ceremony Unveils Poet**

The Butler County “Last Acre” ceremony was held on Congressman Charles Grassley’s farm near New Hartford on Aug. 23, 1977. At the conclusion of the ceremony, Party Leader, Russ Buckner, presented the citizens of Butler County their soil survey with the following remarks.

*In mapping Butler County*  
*We walked 6,000 miles*  
*There were lots of grunts, groans, and grimaces*  
*And, of course, there were some smiles.*

*We dug 130,000 holes*  
*Most of them were 3 or 4 feet deep*  
*If we had had a power probe*  
*It sure would have helped a heap.*

*All told, we crossed 20,000 ditches*  
*And about 4 fences for every mile*  
*A pair of clean, untorn britches*  
*Soon went out of style.*
