For "6 million acres," read "6 million hectares" for the farm land acres utilized in Japan at present. Since 1 hectare=2.47 U.S. acres, this acreage amounts to 14.8 million acres.

SILVER ANNIVERSARY
OF S.S.S.A.

The annual meetings of the American Society of Agronomy and Soil Science Society of America Nov. 27- Dec. 1, 1961, at St. Louis, Missouri will mark the 25th anniversary of the Soil Science Society of America.

A special Silver Anniversary issue of the Proceedings of the S.S.S.A. will be published at that time.

Summer Agronomy Meetings,
July 4-7 at Madison, Wis.

COVER PICTURE
LAND FORM AND SOIL PATTERN OF THE SILTY TABLELANDS SOIL AREA, DEUEL COUNTY, NEBRASKA.

(From the soil survey report of Deuel County, Nebraska, being prepared by E.H. Sautter, Soil Scientist, Soil Conservation Service.
