Proceedings Wetlands Conference Now Available

Edward Sautter

The Society of Soil Scientists of Southern New England (Connecticut, Massachusetts, and Rhode Island) presented a wetlands conference on 23 to 24 Nov 1992. The conference addressed various approaches to wetland functions and value assessment, and to evaluating the use of wetlands for different purposes. Specialists discussed current perspectives of wetland protection, the scientific basis for regulatory approaches, and state-of-the-art applied solutions for project designs. The conference provided information and training for consultants, engineers, scientists, regulatory officials, and others in the areas of wetland delineation, assessment, use, protection, and research.

The site for this 2-day session was the Sturbridge Host Hotel and Conference Center, Sturbridge, MA. Cosponsors were the U.S. Army Corps of Engineers, USDA-SCS, USEPA, U.S. Fish and Wildlife Service; the Universities of Connecticut, Massachusetts, and Rhode Island; and the Connecti

1 State soil scientist (retired), USDA-SCS, 518 Chaffeeville Road, Storrs, CT 06268.
