Celebrate The American Society of Agronomy's Centennial

Visit https://www.acsmeetings.org/ to register for the ASA, CSSA, SSSA Annual Meetings and special events.

History Book & Voices CD
All attendees will receive *The American Society of Agronomy: 100 Years of History* a complimentary book detailing the history of ASA. Also included with the book is the "Prophetic Voices of the Past" CD that is a tribute to the 100 past presidents of ASA.

Parade and Centennial Dessert Cruise
Following the evening's keynote on Sunday evening, take part in our Mardi Gras parade, which ends at the Mississippi River. Ticketed guests will then enjoy a 90-minute Centennial Dessert Cruise. All attendees are encouraged to participate in the parade. Dessert Cruise tickets are $50 or $25 for students (limited quantity).

ASA Centennial Display & Timeline
Stop by Exhibit Hall for the ASA Centennial Display & Timeline. Walk through ASA's history from 1907 to present day. On display will be historical artifacts, photos, and a special presentation of the Presidential Voices project. Open from 9am to 5pm Monday through Wednesday.

Centennial Reception
Celebrations culminate with a Centennial Reception on Nov. 7 from 7 to 9 pm. This reception will be a special event at the meetings where we will introduce the 50+ year members in attendance, a reprise of the first ASA Presidential Address, and a special presentation to the great-grandson of the first President.

Apply Now for the ASA Cross-Cultural Experience Program Scholarship

The objective of this scholarship program emphasizes a summer learning and working experience for an undergraduate student to learn more about agricultural sciences and agricultural education through international agricultural programs. It also provides an opportunity for students to live and learn with students of another culture and language. The scholarship is made possible by a gift from the Lewis B. Nelson Fund to the Agronomic Science Foundation and administered by the American Society of Agronomy. The scholarship is in the amount of $2500.

The program is open to an undergraduate student majoring in soils, crops, and agronomy, or closely related sciences, who will have completed their freshman, sophomore, or junior year by the end of spring term 2007. Preference will be given to:

- a student who is a member of an SASES affiliated club and who has a major in soil science, crop science, agronomy, or closely related areas
- a student from an institution that has not had students previously participating in this program
- a student participating in a study abroad experience that is conducted for four or more weeks

Students who have participated in previous programs are not eligible.

A Date Has Been Set!
July 19, 2008 will be the opening of the Smithsonian Soils Exhibit.

Visit https://www.soils.org/smithsonian/ to learn more about the exhibit and a special sneak preview during the SSSA Annual Meeting in New Orleans.

Share your soil, people, and event news!

*Soil Survey Horizons* welcomes your news items and announcements.
