Fig. S1. Comparison of the difference of SWC (a) and the difference of SWP (b) at six soil depths between observation ($d\theta_{\text{obs}}$, $dSWP_{\text{obs}}$) and simulation ($d\theta_{\text{Sim}}$, $dSWP_{\text{Sim}}$) by the FJ, F, $F_{w1}$, and C models.

Fig. S2. Statistical analysis of simulated results at six depths by the FJ, F, $F_{w1}$, and C models.
